THE PROBABLE ORIGIN OF "MOTHER GOOSE'S MELODIES.

"Little Jack Horner"-"Cinderella and the titass Slipper"-"Blue Beard." "Whittington and His Cat"-"The Babes in the Wood."

"Mother Goose's Melodies." I have paid some "Mother Goose's Melodies." I have paid some attention to the subject and am satisfied that the most of them originated with Elizabeth Foster, who became the second wife of Mr. My love for these shall have become all time. Foster, who became the second wife of Mr. Isaac Vergoose. Her daughter married Thomas Fleet, who in 1715 established a printing house in Pudding lane, Boston. When first he formed himself to live opon this was for the annisement of his children ther ditties. Mr. Fleet, her son in law, issued the rhymes in a book, which met with a wonderful sale. Mr. Newell hoots at this story and He made more money out of the store than talks in a bewideringly learned way; says his uncle had ever done. When he was 24 his they are synonyms of French tales, dating as uncle asked him if he would like to go into far back as the time of Charlemagne and Ru-business for himself. He replied that he did dolf of Burgundy. He quotes Perrault's vol-ume of tales published in 1897, and entitled start him. The result was that the young "Contes de ma mere l'Ove," and the writings man took a warehouse near that of the uncl of the satirist Reguler, who lived a century and succeeded so well that in a year or so he before Perrault. Mr. Newell doesn't present much proof of his assertion, and to give it grew rapidly. He never musapplied so much here would not be of much importance.

> Perrault, the author of 'Blue Beard," founded his story on the history of a rea person. The original was Giles de Retz, lord of Laval, who was made marshal of France in 1429. He was born in 1406, and fought under the command of Josu of Arc. He ived like a king in his castle, had a guard of honor, fifty choristers, musicians, etc., and squandered his substance in riotous living Then he took to studying sorvery and magic He decoyed little boys and girls into his castle, and there immedated them with Pager rites. On Oct. 26, 1440, then being 24 years old, he was burned in the city of Nantes, it the presence of a vast multitude. The records of his trial, which lasted a month, are preserved among the manuscripts of the public library in Paris. In one of his castles the bones of forty six and another of eighty children were found. Marshal de Retz walifetime he was known by the subriquet of

The story of Whittington (lord mayor et the origin of the name of an island in the Persian gulf, says that in the Tenth century one Keis, the son of a poor widow in Siraf embarked for India with his sole property which consisted of a cut. "He fortunately arrived there at a time when the palace was so infested by rats that they invaded the king's food, and persons were employed to drive them away from the royal banquet Keis produced his cat; the noxious animaldisappeared. He was magnificently re warded, sent for his mother and brother, and settled on the island which was subsequently called after him

The popular legend of the "Babes in the CHOWN PRINCE COFFEES Wood" was a disguised recital of the reporter murder of his young nephews by Richard III. Throughout the tale there is a market resemblance to severni leading facts connected stag, which is significant, because a stag was the badge of the unfortunate Edward V.-"Observer" in Philadelphia Call.
